Horizon Consulting has won a re-compete bid to keep providing insurance endorsement processing services to the **Atlanta Home Ownership Center**.

The five-year contract is valued at \$10 million.

Lansdowne-based Horizon has held the contract for more than 10 years and the same work will continue to be done in Atlanta, where Horizon already has a presence.

According to an audit recently completed by the Department of Housing and Urban Development, the amount of loans approved by the Federal Housing Administration in fiscal 2008 more than tripled the amount of loans approved in fiscal 2007.

Horizon said it has been dealing with the recent surge in mortgage insurance applications by hiring and training additional staff, continuing to process work within 72 hours.

Overall, Horizon has been working with HUD since 1994, and currently also serves home ownership centers in Philadelphia, Denver and Santa Ana, Calif.
